

# YJ Planar Schottky Barrier Diode Die Specification

20V 1A, 30mil, Schottky barrier diode die based on silicon planar process

Part No.: PSB030L020SS-280A

## Main Products Characteristics

- Average forward current:  $I_{F(AV)} = 1 \text{ A}$
- Maximum operating junction temperature:  $T_j = 125 \text{ }^\circ\text{C}$
